

# Diabetes Prevention Program (DPP) Charting Platform

Education  
Recognition  
Program

The ERP Chronicle Diabetes education and outcomes tracking web-based electronic charting system that follows HIPAA and HI TECH guidelines has been expanded to perform as a Diabetes Prevention Program (DPP) Charting Platform.

## HIPAA and HI TECH Platform

The platform follows HIPAA and HI TECH guidelines for easily documenting DPP sessions.

## Available for All to Use

The DPP platform is available for all to use for a minimal fee. Users do NOT have to be ADA Recognized DSME program staff.

## DPP Platform Reports

The platform will generate Progress Reports and the Annual CSV Report required by CDC for DPP Recognition.

## Six Progress Reports

The six Progress Reports will allow program coordinators to evaluate the DPP's status toward meeting the CDC DPP Recognition required metrics.

### Minimal Usage Fee for ERP Programs

- Onboarding—one-time fee
  - \$125 per DPP
- ERP annual fee
  - \$125 for first program site
- Additional Sites
  - \$50 each additional program site within the same state

### Minimal Usage Fee for Non-ERP Programs

- Onboarding—one-time fee
  - \$225 per DPP
- ERP annual fee
  - \$225 for first program site
- Additional Sites
  - \$100 each additional program site within the same state

---

## Getting Started

The DPP program coordinator will need to **contact ERP** at **1-888-232-0822 ext. 3** to register for the DPP Platform.
