

Connected **for Life**

Benefits of ADA Education Recognition

Benefits of being an ADA recognized education program include:

- Uphold ADA Standards of Care for Diabetes
- Individualized 1:1 support and coaching for all services.
- Enhanced marketing through use of the ADA ERP logo
- Discount on ADA support materials and access to multiple free CE programs
- Ability to share ideas and solutions with over 5k Diabetes Care and Education Specialists through the ERP Networking Community
- Access to the electronic **DSMES Quality Coordinator Guide**.
- Access to **ERP University** where you will find editable samples and templates along with videos for the six National Standards for DSMES.
- Recognition Application processed in under 30 business days.
- **Free access to Chronicle Diabetes** – a HIPAA and HITECH compliant web based system that provides healthcare professionals tools to facilitate diabetes education documentation
- Ability to request an invitation to **ERP's monthly Q & A teleconference** for new program coordinators as well as programs that will be applying or an annual status report. Register at www.diabetes.org/erpqa
- Quarterly newsletter that provide recognition tips and updates.
- Become part of the largest accrediting organization that expands to all 50 states and is utilized by about 800,000 people with diabetes annually.
- Be a part of the ADA Mission to prevent and cure diabetes and to improve the lives of all people affected by diabetes.

Free Resources to Promote your Program:

- [2022 ERP National Benchmarks](#)
- Referrals from the ADA's Center for Information and listing on the ADA's website <https://diabetes.org/findaprogram>
- Enhanced marketing through use of the ADA ERP logo
