

Four Chronicle Diabetes de-identified patient reports that are required to reflect a complete DSME/S Patient Chart

On left menu within the Patient Record:

1. DSME Assessment (Print Current Page)
2. Health Status (Print Current Page)
3. Patient Snapshot Report (Left Menu Dropdown)
4. Diabetes Self-Management Education Record (Left Menu Dropdown)

The screenshot shows the American Diabetes Association Chronicle Diabetes Patient Record interface. The left sidebar menu is visible, with 'DSME Assessment' and 'Health Status' highlighted in red. The 'Patient Reports' section is also highlighted in red, showing a dropdown menu with 'Diabetes Self-Management Education Record' selected. The main content area displays patient information, general information, patient type, demographics, web login, and contact information.
