

THURSDAY, MAY 23, 2019

2:00 PM - 5:00 PM

PRE-CONFERENCE - WORKSHOP 1

Diabetes Care for Two: Clinical Management Considerations Before, During and After Pregnancy

Mary Korytkowski, MD

Jacqueline LaManna, PhD, APRN, ANP-BC, BC-ADM, CDE

Kathleen Stanley, RD, LD, CDE, MSED, BC-ADM, MLDE

PRE-CONFERENCE - WORKSHOP 2

Contemporary Perspectives of Physical Activity: Maximizing the Benefits of Physical Activity -
John M. Jakicic, PhD

Making the Move: Translation of the Physical Activity Guidelines into Practice - **Renee J. Rogers, PhD**

5:00 PM - 7:00 PM

Networking Reception: Hosts - WIN ADA & Diabetes In Primary Care Interest Group

FRIDAY, MAY 24, 2019

7:45 AM - 9:45 AM

KEYNOTES

Obesity: The Scope of the Problem - **James O. Hill, PhD**

Population Health: The More You Know, the Better You Can Be - **Peter M. Schoch, MD**

10:15 AM - 12:40 PM

TRACK 1: Gaps in Obesity Treatment: What are we Missing?

The Missing Link: What Are We Failing to Consider in Our Behavioral Treatment of Obesity
Shenelle A. Edwards-Hampton, PhD, Licensed Clinical Psychologist

The Physiologic Challenges of Obesity - **Damon Tanton, MD**

Clinical Gaps in Treatment and Opportunities for Success - **Jamy D. Ard, MD**

TRACK 2: Population Health

Interprofessional Best Practices in Diabetes - **Peter Tilkemeier, MD, MMM**

Diabetes Educators: The Essential Team Members to Achieve a Population Health Strategy - **Jessica M. Odom, PharmD, BCPS, BC-ADM**

Employee Engagement, Wellness & Diabetes - **Leslie Hall, MHA, BSN, RN, CDE**

TRACK 3: Protecting the Heart & Kidneys

Protecting the Heart & Kidneys in T2DM: CVOTs Changing the Meaning of Diabetes Control - **James R. Gavin III, MD, PhD**

What is New in the Treatment of Diabetic Kidneys Disease - **Matthew R. Weir, MD**

Hypertension: Individualizing Therapies - **Leonor Corsino, MD, MHS, FACE**

12:40 PM - 2:00 PM

Lunch & Presentation - Sponsored by Abbott Diabetes Care

AFTERNOON WORKSHOPS

2:00 PM - 3:30 PM

A1: Obesity: Where Physiology, Behavior, & Clinical intersect

Jamy D. Ard, MD,

Shenelle A. Edwards-Hampton, PhD, Licensed Clinical Psychologist,

Damon Tanton, MD

B1: CVOTs & Clinical Cases: Impact of Results on Practice - **James R. Gavin III MD, PhD**

C1: How to Study Energy Balance - **James O. Hill, PhD**

D1: Apply Evidence-Based Physical Activity Guidelines: Application for Practitioners - **John M.**

Jakicic, PhD, Renee J. Rogers, PhD

E1: Healthy Eating: A Loss of Taste and Time? - **Kathleen Stanley, RD, LD, CDE, MEd, BC-ADM, MLDE**

F1: Use of Extension/ Paraprofessionals to Deliver DPP and DSMS - **Peter Tilkemeier, MD, MMM**

3:35 PM - 5:05 PM

A2: Implementation of Medication Algorithms to Improve Diabetes Care Across a Health System
Jessica Odom, PharmD, BCPS, BC-ADM

B2: Case Studies: Diabetes Kidney Disease - **John E. Anderson, MD**

C2: Healthy Aging with Diabetes - **Jennifer B. Marks, MD, FACP, FACE** and **Amy Wixted, MPH, CHES, CIC**

D2: Hypertension Complex Cases - **Leonor Corsino, MD, MHS, FACE**

E2: Population Health: What is Population Health? A Practical Definition that Drives Performance - **Peter M. Schoch, MD,**

F2: Taking the Leap: Making Medicare Reimbursement Work For Your Diabetes Program - **Angela Forfia, MA**

5:05 PM - 7:00 PM

Dinner and Presentation - Sponsored by Sanofi

SATURDAY, MAY 25, 2019

6:30 AM - 7:45 AM

Breakfast and Presentation – Sponsored by Lilly USA, LLC

7:45 AM - 9:45 AM

KEYNOTES

Health Professional Burnout: Returning Joy to Work - **Byron C. Scott, MD, MBA**

Transforming Diabetes Care with AI and Cognitive Technologies - **Irene Dankwa-Mullan, MD, MPH**

10:15 AM - 12:40 PM

TRACK 4: Technology

Project ECHO: A Workforce Development Model to Improve Access to Specialty-Level Care - **Matthew F. Bouchonville, MD, CDE**

CGM Updates: Making Sense of Sensing - **Damon Tanton, MD**

Diabetes Technology in the Hospital - **Rodolfo J. Galindo, MD**

TRACK 5: Treating the Lifespan

Pediatric Diabetes: It's Complicated - **David Repaske, MD, PhD**

Diabetes Transitions - **Henry Rodriguez, MD**

Management of Diabetes in the Geriatric-Population (Treating Diabetes Through the Lifespan) -
Hermes Florez, MD

TRACK 6: CNS

Insulin Affordability Update - William Cefalu, MD

Dementia and Metabolic Health: Insulin Resistance, Diabetes, and the Brain - Confronting the
Connection - **Mark A. Espeland,**

Understanding Depression/Distress in Diabetes - **Mark Peyrot, PhD and Heather L. Stuckey,
DEd**

12:40 PM - 2:00 PM

Lunch & Presentation – Sponsored by Novo Nordisk

AFTERNOON WORKSHOPS

2:00 PM - 3:30 PM

A3: Continuous Glucose Monitoring in Primary - **Eugene E. Wright, Jr., MD**

B3: Improving Provider Wellness: Stress, Burnout, and Creating Balance - **Byron C. Scott, MD,
MBA**

C3: Oral Agents and Combination Strategies - **John E. Anderson, MD and Holly S. Divine,
PharmD, BCACP, BCGP, CDE, FAPhA**

D3: Breaking Through Depression/Distress: Addressing the Whole Problem - **Mark Peyrot, PhD
and Heather L. Stuckey, DEd**

E3: How Do HCPs Stay on Top of the Standards for Diabetes Education? - **Michelle D. Stancil,
RN, BSN, CDE**

F3: Health Literacy Considerations in T2D Care: Unraveling What Is Often Complex - **Richard O.
White, III, MD, Msc**

3:35 PM - 5:05 PM

A4: Making Sense of Sensing - **Damon Tanton, MD**

B4: TBA

C4: Insulin and Insulin Combination Strategies - **John E. Anderson, MD and Holly S. Divine, PharmD, BCACP, BCGP, CDE, FAPhA**

D4: Case Studies: Medically Underserved Populations/ Health Disparities

Jacqueline LaManna, PhD, APRN, ANP-BC, BC-ADM CDE

Richard O. White, III, MD, Msc

Eugene E. Wright, Jr., MD

E4: Pediatrics Diabetes Cases - **David Repaske, MD, PhD and Henry Rodriguez, MD**

F4: The Insulin Affordability Crisis and the American Diabetes Association's Response

William Cefalu, MD

Otis Kirksey, PharmD, CDE, BC-ADM

Desmond, Schatz, MD

SUNDAY, MAY 26, 2019

8:00 AM - 11:00 AM

GENERAL SESSIONS

Population-Based Strategies for the Obesity Pandemic - **William H. Dietz, MD, PhD**

Fresh Insights in Food Trends - **Marie Molde, MBA, RD**

Conference Review

John E. Anderson, MD

Jennifer B. Marks, MD, FACP, FACE

Eugene E. Wright, Jr., MD
