3 Please review "Important Reminders" and select "Close".

The screenshot shows the American Diabetes Association Institute of Learning portal. A notification modal titled "Notification" with the heading "IMPORTANT REMINDERS!" is displayed. The modal text states: "Your credits will be uploaded to CPE Monitor weekly until August 18th. Please make sure your profile accurately reflects your profession." and includes a "Close" button. A red box highlights the modal. Below the modal, a text box contains the following information:

CME/CE Information
Thank you for attending American Diabetes Association's 85th Scientific Sessions. If you wish to complete your session evaluations and the overall evaluation in order to receive your certificate, please reach out to professional@diabetes.org.

"IMPORTANT INFORMATION"
Please make sure to "Create Account" using the **SAME email address** you registered for the conference to access the session evaluations platform. This email is what ADA uses to register you for the CME/CE credit platform. **This process will be available until August 18th.**

Important notice for Pharmacists: Your credits will be uploaded to CPE Monitor weekly until August 18th. Please make sure your profile accurately reflects your profession.

A red box highlights the text box content, and a callout bubble points to it with the text: "All important reminders and notices for participants will populate here. Pharmacists, please take a moment to review."

4 Please review any information below and select "Go to Content" to begin.

The screenshot shows the American Diabetes Association Institute of Learning portal. A blue box at the top contains the following information:

- You must complete the Overall Evaluation before downloading your CME/CE certificate.
- Pharmacist MUST claim their CE credits by August 18th. Your CE credits will appear in CPE Monitor each week, please reach out to professional@diabetes.org if you have any issues.

Below this, the "Go to Content" button is circled in red. A red box highlights the text box content, and a callout bubble points to it with the text: "Additional instructions and information will be located here."
